## PRESS RELEASE

*For immediate release*

### **Qatar Rail Partners with Autonomous e-Mobility (AEMOB) Forum 2024 as Gold Sponsor**

Doha, Qatar - April 04, 2024 - Qatar Rail, the leading rail transport company in Qatar, has joined forces with the Autonomous e-Mobility (AEMOB) Forum 2024 as Gold Sponsor. The partnership signifies Qatar Rail's commitment to fostering sustainable and innovative transportation solutions.

The AEMOB Forum, scheduled to take place in Doha, Qatar from April 30th to May 2nd, aims to explore the future of autonomous e-mobility and its impact on transportation systems globally. Qatar Rail's involvement underscores the importance of integrating various modes of transport, including rail, into the future mobility ecosystem.

Ahmad Al Ansari, Executive Member of the AEMOB Committee shared his sentiments saying, "Qatar Rail's expertise in rail transportation aligns perfectly with our goal of promoting efficient public transport solutions. Their participation will enrich our discussions and contribute to shaping the future of transportation."

"As a key player in Qatar's transportation sector, Qatar Rail is pleased to join the AEMOB Forum," said Ajlan Eid Al Enazi, Chief of Strategy & Business Development at Qatar Rail. "We believe that collaboration and knowledge-sharing are essential in advancing efficient mobility solutions. Our presence in the AEMOB Forum will enable us to exchange ideas and best practices with international experts, putting Qatar's transportation vision on a speed track."

The collaboration between Qatar Rail and the AEMOB Forum reflects a shared commitment to making Qatar a knowledge-based economy by 2030. Through this partnership, both organizations aim to contribute to the development of a more efficient, accessible, and environmentally friendly transportation system for Qatar and beyond.

## About AEMOB:

The Autonomous e-Mobility Forum, taking place in Doha, Qatar from 30 April – 02 May 2024, hosted and strategically partnered by the Ministry of Transport of the State of Qatar, and held under the patronage of His Excellency, Jassim Saif Ahmed Al Sulaiti, Minister of Transport, is set to become the pioneering multilateral platform focusing on driverless e-Mobility, a topic of global significance and urgency

Organized by Just us & Otto Marketing & Event Services in collaboration with InStrat, a Department of 4th Dimension, the three-day event will provide a timely occasion for international stakeholders to further know-how and develop recommendations toward the implementation of autonomous e-Mobility in a real-world setting.

The AEMOB Forum is set to assemble a global network of senior officials, policy and technology experts, including speakers and representatives from government, industry, academia, the media, and hundreds of attendees. Tickets are on sale now and can be purchased through the AEMOB Forum website [www.aemobforum.com](http://www.aemobforum.com).

## About Qatar Rail:

Following its establishment in 2011, Qatar Railways Company (Qatar Rail) is leading one of the largest rail projects in the world to meet the demands of Qatar's dynamic and growing population. The company is responsible for the design, construction, commissioning, operation and maintenance of the entire network and systems.

The state-of-the-art railway network consists currently of Doha Metro, a rapid transit system connecting communities within Doha and its suburbs and Lusail Tram, a service for convenient travel within the new city of Lusail.

In line with Qatar National Vision 2030, the integrated railway system is affordable, reliable and convenient, changing people's lives and the future of transportation while helping to build and support the country's growing economy.
